COLLIGIE CRATTONS.

ORATOR CALL CONTEST BY THE COLLEGE STADENTS.

Crossed Present.

As was expected the oratorical contest of Colorado college drew an immense audience within the doors of the First Methodist churc Monday night. So large indeed that the cource, in spite of its size, con c not well contain those who sought entrance within its coors.

The crowd it ea every inch of space in which they could well be comfortable Chairs crowded the aisles, the news were packed with a mass of expectant, people who have the discomfort of their fact of space compacently for it was a damp, eloudy, night, and the heat was not ob-

The pattern was decked with with owers, wound about the ratings and ban'tec upon the stand. "The exercises ch' not begin anywhere near he time iannounced such things section on, but made up for the early suspense of the ancience. Fitteen minutes and passed la ter the lour of 8 ind struck when the must cease, and our laborers must of interest for some time to come. ; -

The speakers say on the planform cas dine representatives as any college ever in the centre-

England and America Agree to Profeet Berring Sea Sea s.

HE AGREEVENT FOR ONE YEAR.

Autographs Were Affixed on Monday-Salisbury Waives the Point that Russia Shall be a Party to the Contract.

Washington, June 15.—The Bearing sea correspondence was made public by the department of state this afternoon. Zweerrespondence begins with a letter from Minister l'auncefote in reply to one from Secretary 3 aine, scated May 4, in which Mr. Baine proposed a closed sealing season. Sir Julian Pauncefote's etter in reply to the proposition of Secretary Blaine is as lo-

Proposal of Her Majesty's Government for a Mo-Vivendi in Behring Sea During the Present Fishery Season:

1. 'a fe governments of Great Britain and of the United States shall prohibit till May, 1892, the ki ling of scals in Bearing sea or any islands thereof, mic will to the best of their power and ability ensure that-subjects and citizens of the two nations respectively and the vesse's flying their respective flags shal, observe that prohibition.

2. During the period thus, provided the

3. Consus may at any time be appointed to the islands in the Beiring sea and the United States government will grant an "exequator" to any suc'i consu's.

to this convention it shall not confe into op-JULIAN PAUNCEPOTE.

Washington, June 3, 1891." Then follows a cetter from Acting Secretary Wignton to Sir a ulian as follows:

DEPARTMENT OF STATE. Washington, June 3, 589 ... ( a Sin: - I am directed by the president to say in reply to your note of the 3c inst, conveying to the government of the United States the response of her majesty's government to the proposal of Mr. Blaine for a modes vivendi relating to the seal fisheries in the

Firs; -- in place of the first and second subcivisions of the agreement as submitted by you the president suggests the following to

Behring sea during the present season:

The government of Great Britain son ; prohib; until Nay, 1892, the killing of seals in all test part of the Bearing sea lying eastwardivor southeastwardly of the line described in article 1 of the convention between the United States and Russia, March 30, 1867, and will promptly take such steps as are best calculated effectively to insure the observance of this prohibition by the subjects and citizens of Great Britan and all vesses flying its lag.

seers in that part of Bearing sea above i.e. thereof, the property of the United States (not in excess of 7500 to be taken in the islands), and the government of the United States will promptly take such steps as are best calculated effectually to insure the observance of this prohibition by the citizens of the United States and the vessels fying its flag. These changes are suggested in order that the mocas may clearly have the same territorial extent with the pending proposa's for arbitrations that the stipulation for a prohibition of sea. killing upon the islands of the United States may rest upon its own order; and that the obligation of the respective governments to give prompt and vigorous effect to the agreement may be more clearly apparent.

Second- he pertinency of the suggestion contained in the taird sub-division of lord Salisbury's proposa is not apparent to the

The statutes of the United States special y prohibit the landing of any vessels at the scal islant's ame the residence thereon of any person unless specifically authorized by the secretary of the treasury. It is, therefore, obvious that no consular functions come be tischarges, upon the is and by any representative of her majesty's government. The president regards this law as decaring an exception as to the residence of consuls within the meaning of article IV., of the convention of commerce and navigation of Decomber 22, 815, octween her majesty's governinent and the Unitie States. If the proposal is intended to relate to the is and so St. Paul and St. George and has for its ob- to the British governments. ject access for such agents of the government of ver unjesty as may be appearted to pending proposa's for arbitration, or in the eastwardly of southeastwardly of the line revolutions by the her of all and arounds cleared away the hodges of the continued. acabing before the arbitrators, I am directed by the president to say, that in the event of , an agreement for arbitration of the questions in dispute between Great Britain and the United States, ie would be willing to extend reasonable facilities to Great Britain for the investigation at the islands of any facts in- and a vesse's trying its tag. volved in the controversy.

of her majesty's government limiting the seals in that part of Beiring sea above detaking effect of the modus vivenci upon the seribed and on the shores and is ance assent of Lussia presents, what seems to the friereof, the property of the finited States, president an insuperable difficulty, as an active (except that 7500 sea's and no more, thay be government will in his opinion revoke the of the Inited States with prompt y take such concusion of any agreement and wil in steps as are liest calculated effectively to inevitably sause such action as to taware the sure the observance of this prohibition by purpos de must suppose bota governments the citizens of the United States and the vesmve had in view.
